2. How information collected by Links Landscaping LLC is used.

We provide personally identifiable information to respond to subpoenas, court orders, or legal process, or to establish or exercise our legal rights or defend against legal claims. Further, we believe it is necessary to share personally identifiable information in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, situations involving potential threats to the physical safety of any person, violations of Links Landscaping LLC's terms of use, or as otherwise required by law.

3. Communications from Links Landscaping LLC.

The Links Landscaping LLC site is not intended for use by anyone under the age of thirteen (13), and any individual under such age should not provide Links Landscaping LLC with personally identifiable information. Links Landscaping LLC does not knowingly contact, market to, or solicit, collect or use personally identifiable information from or about any individual under the age of thirteen (13). It is possible that by fraud or deception we may receive information pertaining to children under thirteen (13). If we are notified of that Links Landscaping LLC has personal information regarding a person under the age of thirteen (13), as soon as we reasonably verify the information, we will either obtain parental consent or otherwise delete the information from our servers. If you want to notify Links Landscaping LLC of our receipt of information by children under 18, please do so by emailing us at: Chris@linkslandscaping.com.

5. Linking to third-party websites.

This web site contains links to other sites. Please be aware that we are not responsible for the privacy practices of such other sites. We encourage our users to be aware when they leave our site and to read the privacy statements of each and every web site that collects personally identifiable information. This privacy statement applies solely to information collected by this Web site.

6. Our privacy practices.

When users submit sensitive information via the website, the information is protected both online and off-line.

When our registration/order form asks users to enter sensitive information (such as credit card number and/or social security number), that information is encrypted and is protected with encryption software. While on a secure page, such as our order form, the lock icon on the bottom of Web browsers such as Netscape Navigator and Microsoft Internet Explorer becomes locked, as opposed to un-locked, or open, when you are just 'surfing.'

While we use encryption to protect sensitive information online, we also take efforts to protect user-information off-line. Only employees who need the information to perform a specific job (for example, our billing secretary or a customer service representative) are granted access to personally identifiable information. In addition, the servers that we store personally identifiable information on are kept in a secure environment, behind a locked door.

7. Security

In order to maximize protection of your information, Links Landscaping LLC uses state-of-the-art technology to protect your data from use, misuse, or alteration by unauthorized third parties. Currently, we use Secure Sockets Layer (SSL) protocol to protect your data and secure your transactions. SSL encrypts all your personal information, including your credit card number, name, and address, as it is transmitted over the Internet. Of course, no data transmission over the Internet can be guaranteed to be 100 percent secure, and Links Landscaping LLC does not warrant that your information will be absolutely secure. Any transmission of data on or through the use of Links Landscaping LLC is at your own risk.

8. Changes to our privacy policy.

If we decide to change our privacy policy, we will post a notice on our Home page so our users can review the changes and be aware of what information we collect, how we use it, and under certain circumstances, if any, we disclose it.

9. Final Statement

We at Links Landscaping LLC will use your information in accordance with the privacy policy that is currently in effect.
